

Pikes Peak Chapter

The Construction Specifications Institute

Pikes Peak Chapter CSI April Chapter Meeting *Linoleum 101*

This is a fantastic introduction to a material with many misconceptions throughout the industry. The presentation covers:

- the material's construction
- it's history
- cost analysis
- Installation, and
- properties.

This presentation is AIA accredited.

Forbo Flooring Systems is the global market leader in commercial floor covering solutions. Marmoleum, our flagship brand, owns a global linoleum market share of over 60%, while Flotex dominates the rapidly growing flocked flooring market with over 90% global market share. In addition to linoleum-based products, Forbo develops, manufactures and markets a diversity of high quality vinyl and textile floor coverings and Coral & Nuway entrance system solutions.

All Forbo products combine high levels of functionality and durability. Forbo Flooring Systems is committed to environmentally responsible production, sustainable practices throughout its global operations, and to far-reaching customer service. Our product is made from natural, renewable ingredients, Marmoleum is USDA Certified 100% biobased and features naturally inherent antimicrobial and antistatic properties. Marmoleum's sustainable, water-based Topshield 2 finish provides occupancy-ready installation and exceptional performance against real world flooring damage, including soiling, staining, scratching and scuffing. While non-renewable floor coverings may be permanently damaged, Marmoleum can easily and cost-effectively be renewed, bringing the floor covering back to its original beauty, even after years of heavy use. In fact, Marmoleum has a system service life of 30 years. Please visit our website for more information: www.forboflooringNA.com.

Cody Coppola is currently the Colorado/Wyoming Sales Representative for Forbo Flooring. He has been in the construction industry close to two years and before that spent 13+ years in the food and beverage industry where he ended overseeing 8 restaurants across 3 states as the Regional Director of Brewery and Product Relations. He's enthusiastic about the transition into the construction industry and to be working for a company that puts quality above all else. When not working he's been an avid boulderer and actually moved to Colorado to be closer to the mountains.

Date: Wednesday, April 25, 2018
Time: 11:30 a.m. to 1:00 p.m.

The Warehouse
25 W. Cimmaron Street
Colorado Springs, CO 80903

No cost to Pikes Peak Chapter members
Please RSVP at www.pikespeakcsi.org
by noon on

NEXT MONTH

Join us on May 30 for the 3rd Annual PPCSI Networking Luncheon and Mini-Product Show

May is our final Chapter meeting of the season, and will be different than our typical Chapter meetings. This is an opportunity to see all of the tabletop presenters from throughout the year, along with new product representatives, in a networking environment. Maybe you want more information on a certain product but don't know who to contact. Maybe you missed the meeting that a particular rep was our presenter. Or maybe you're like me and can't get enough of construction product information! If any of the above ring true, then you can't miss this meeting.

- * We take this opportunity to recognize members anniversaries, acknowledge new members and our Herald R. Holding Scholarship recipients.
- * Food will be set up hors d'oeuvres style and everyone will circulate through the room rather than a typical sit down style lunch.
- * There will be raffle prizes for attendees!!
- * Bring plenty of business cards and plan to make some new contacts!
- * We also take this opportunity to be of service to our community by accepting donations for Care and Share Food Bank for Southern Colorado.

Don't forget to bring a canned food donation for Care and Share Food Bank for Southern Colorado.

It's time for our Annual PPCSI Ballot!

Be on the lookout for our annual ballot via email later this month. For those that prefer to vote at the meeting, we will have paper ballots at our Chapter meeting on April 25. Please make sure your email address is current on our website in order to ensure you receive your ballot.

This year, members will be voting on the positions of:

President—Emanuel “Manny” Mungaray

President-Elect—Cody Coppola

Treasurer—Larry Gilland

Director—Bruce Barr

Director—Bob Stanton

Director—Greg Gulliksen

Thinking about taking the CDT?

Have you been thinking about taking the CDT? CSI offers all certification exams twice a year—Spring and Fall. Registration for the Fall exams starts June 26, with exam dates starting September 25. Our chapter will once again be offering CDT study sessions to our members at no cost. We will offer ten weekly sessions that last approximately two hours each. We will plan to start our study sessions mid-August to allow sufficient time before the exam dates in September. If you are interested in attending our study sessions, please contact Shane David or Joni Zimmerman.

Special Lapsed Certification Reinstatement Program

Achieving a CSI certification is a significant accomplishment, and we have important news about certification renewal. If you have a certification that has lapsed, you should have received an individual email from the Manager of Certifications, Aaron Robbins Wiseman.

CSI acknowledges that past communication regarding renewal requirements for CSI certifications has been inconsistent, and may have resulted in some individuals missing the opportunity to maintain their certification. Therefore, CSI is offering a one-time Lapsed Certification Reinstatement Program.

The one-time reinstatement period will be open April 15 to October 15, 2018. This offer is available to any individual having held a CSI certification which lapsed on or after June 30, 2014.

The following certifications will be included in the program:

- ◆ Certified Construction Contract Administrator (CCCA)
- ◆ Certified Construction Specifier (CCS)
- ◆ Certified Construction Product Representative (CCPR)

The Lapsed Certification Reinstatement Program offers a clear path for applicants to update their credentials.

When:

- * April 2, 2018: Program announcement to lapsed certificants
- * April 15, 2018: October 15, 2018 – Open application period via csiresources.org

The primary communication to eligible applicants will be via e-mail.

To apply, individuals must submit the following no later than October 15, 2018.

- * Completed Application Form: Provided on www.csiresources.org beginning April 15, 2018.
- * Completed Continuing Education Reporting Form: Provided on www.csiresources.org beginning April 15, 2018.
- * \$195 Special Reinstatement Fee

If you have any questions, please do not hesitate to contact certification@csinet.org.
