Pikes Peak Chapter CSI March Chapter Meeting

The Evolution of LEDs

Join us this month for a presentation by David Bray, on the evolution of LED lighting. Learning objectives for this presentation are:

- ◇ The rapid evolution of LEDs as light sources.
- ◇ Understand ease of controllability and color developments.
- ◇ Understand how LEDs' Form Factor enables new luminaire design that is not possible with Legacy light sources.
- ◇ Discussion on the 2015 IECC Code and how that impacts the construction industry & project budgets.

David Bray began in the Lighting industry when “Watt Miser Lamps” were a thing and has worked throughout North America in the industry since. David joined The MH Companies in 2007 working with Architects, Engineers, Lighting Designers & Landscape Architects assisting with designing solutions. He consults routinely with wholesalers and contractors to get lighting projects built.

Originally founded as MH Lighting in 1972, the focus was on providing the core products and services related to top of the line lighting products and services. Over the last 5 decades, MH Companies has responded to rapid industry advances and evolving customer needs and have introduced expanded offerings to maintain their foothold as one of the regions most respected lighting and controls manufacturer’s representatives in the industry.

Thank you to Kevyn Brown and the staff at the Colorado School for the Deaf and Blind for a wonderful tour on March 7! We learned so much about the history of the school, how they benefit both students and the public, as well as the current and past projects that have been undertaken on the property. If you have an opportunity, please visit their website at <https://www.csdb.org/>

Mission Statement of the Colorado School for the Deaf and Blind:

The Colorado School for the Deaf and the Blind (CSDB) provides children and families statewide with comprehensive, specialized educational services in safe, nurturing environments. We empower learners to become self-determined, independent contributing citizens within their communities

2018 NATIONAL INSTITUTE ELECTION

CSI'S NEXT ELECTION FOR THE BOARD OF DIRECTORS WILL OPEN MARCH 20, 2018 AND WILL CLOSE APRIL 3, 2018. MEMBERS WHO WERE IN GOOD STANDING ON JAN. 1, 2018, AND WHO HAD A VALID EMAIL ADDRESS ON FILE WITH CSI ON THAT DATE WILL BE ELIGIBLE TO VOTE. TO ENSURE YOUR VOTE, UPDATE YOUR CONTACT INFORMATION AND VERIFY YOUR MEMBERSHIP STANDING BY LOGGING INTO YOUR ONLINE MEMBERSHIP PROFILE.

FOR ADDITIONAL INFORMATION, PLEASE VISIT CSI RESOURCES WEBSITE [HERE](#).

ON THE FOLLOWING PAGES, WE OFFER SOME INFORMATION ON TWO OF THE INDIVIDUALS RUNNING FOR OFFICE. PLEASE TAKE THE TIME TO READ THIS INFORMATION, AND MOST IMPORTANTLY, PLEASE VOTE.

DON'T FORGET THAT PIKES PEAK CHAPTER CSI WILL ALSO HAVE OUR BOARD MEMBER ELECTION IN APRIL. IF YOU ARE INTERESTED IN BEING A MEMBER OF OUR BOARD, OR WOULD LIKE TO NOMINATE SOMEONE, PLEASE CONTACT ANY CURRENT BOARD MEMBER FOR INFORMATION.

Dear Members of The Pikes Peak Chapter of CSI,

Beginning on March 20, 2018, we will have the opportunity to cast our votes for the incoming new leaders at the National and Regional levels of CSI. Each of these dedicated professionals have offered to serve our organization at the highest level of involvement and they can help shape CSI into being the best it can be.

I would like to encourage you all to look over the list of candidates and read their personal statements for what they hope and intend to bring to CSI if elected for their respective positions.

After doing that, I personally ask that you cast your vote for Institute Board Chair-Elect for J.W. Mollohan, FCSI, CCPR. I have known J.W. for several years and believe him to be a man of high principle who truly loves CSI. Through his many years of service to CSI at the Chapter, Regional, and Institute levels, he has proven to be a true leader and person of integrity, who will strive to accomplish all that he sets out to achieve.

You may read J.W.'s personal Candidate Statement at https://higherlogicdownload.s3.amazonaws.com/CSIRESOURCES/143a718d-6df6-484a-8a79-76d79635b741/UploadedImages/Elections/2018/Election_Page_-_Mollohan_II.pdf

Even if you decide not to vote for J.W., I sincerely hope that you will take the time to review the ballot and the candidates and then cast your vote. We are offered an opportunity each year to take an active role in deciding the future of CSI. This is a wonderful right granted to us and we should participate in the process by voting for our organizational leaders.

Thank you very much for your consideration. Best wishes to each of you.

Sincerely,
Daryl G. Robinson, FCSI, CCS

From: Marvin Kemp, FCSI, CDT, AIA
Institute Director from the Middle Atlantic Region

Dear CSI Colleagues,

The Institute ballots will be out soon and I encourage you first and foremost to vote in this election for our national board of directors. This year, we will elect an Institute Director-at-Large, Treasurer and Board Chair Elect. The Nominations Committee has done a great job in gaining fantastic volunteer leaders for candidates for each open position.

I am running for Board Chair Elect and ask for your support and your vote. The Nominations Committee has selected J.W. Mollohan, FCSI, CCPR LEED GA and myself to run for Board Chair Elect. J.W. is a friend of mine. We served on the board together and he is highly qualified for the position. Either of us can offer continuity with our policy governance model, which at this juncture is key to our future success as an organization. Continuity and close working relationships with our CEO and his staff is also important. I bring that to the position as well.

I think have more to offer, making me most qualified for the position. To give you a bit of information about myself, my leadership experience includes serving the Baltimore Chapter at all levels, the Middle Atlantic Region and at the institute level. This includes active participation with several Institute committees and task teams during my 18 year career in CSI. After serving three years as chair of the Institute Awards Committee, I have spent the last three years as Institute Director from the Middle Atlantic Region. That broad range of experience gives me the knowledge I need to lead our organization.

I also feel I have the skills and experiences that set me apart. I care passionately for CSI. In order to enhance CSI's standing in our industry we need to work hard to grow our visibility in the construction industry, capitalize on our thought leadership and improve the quality of our programs. If we are successful doing these things, a stronger and more sustainable CSI will be created. One way we do that from the Institute level is through supporting our chapters and regions. We should leverage our collective insights and thought leadership, prepare materials for use at the local level, and thereby enhance our standing and visibility throughout our regions. This will help our chapters and regions matter more in their communities and will drive construction professionals to CSI.

I am seeking your support and vote for Board Chair Elect in the weeks ahead. Please read the candidate statements at www.csiresources.org and make sure to vote!

Thank you for your support,
